

5^o Biostimulants

Latam & Redagráfica Biocontrol Congress

August 27th and 28th | 2025
Monticello - Santiago de Chile

Redagrícola is the leading High Tech agriculture media in Latin America. Based on the success of our events on biological inputs that we have held since 2021 - where we have managed to bring together more than 5,000 delegates from around the world - for 2024 we have established an annual activity plan:

5th Latam Biostimulants & Redagrícola Biocontrol Congress, August, 27th and 28th, Monticello - Santiago de Chile.

Biologicals Latam: our digital media about biological technologies for agriculture. Each edition of Biologicals Latam will be printed together with a local edition of Redagrícola (Mexico, Colombia, Peru and Chile).

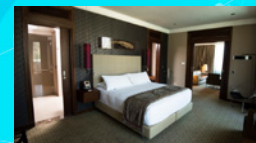

And many more news!

5° Biostimulants Latam & Redagrícola Biocontrol Congress

August 27th and 28th | 2025
Monticello - Santiago de Chile

OUR CONGRESS IN NUMBERS

Chile will host the most important event in the bioinputs industry in Latin America.
